Morrisby Update re: Issue impacting
profiles

Morrisby Issue

Please note the **following information is confidential** and **should not be shared with anyone**.

An issue impacting some Morrisby profiles globally has been identified.

The issue impacts one or more of the Aptitude assessments.

Morrisby are working on this issue and are putting in place a number of steps to rectify most of the profiles, through an adjustment process. A small number of profiles cannot be 'adjusted' and these profiles have been moved to an OA profile allowing an interview to proceed.

All profiles are being taken through a manual validation process.

You will be able to assign all profiles as normal, even if there is a message, alert or notification on a student profile. If you have any issues at all, please call support or your Program Coordinator.

Key Message: If you are asked any questions about the issue, an impacted profile etc. Please respond with...

You will need to contact the MCI team at ACCE – they are working with the Department and Morrisby on this issue and can answer any of your questions. DE will be releasing a statement to school Principals this week.

Interviews

The unpack interviews as always should be:

- Student focused
- Aspirational
- Unpack the profile and show how the profile can be used in future years
- If an impacted profile has been switched to an OA profile please encourage the student to complete the missing aptitudes

At this time be mindful that schools may be hypervigilant about the profile and the unpack.

If you have a student where you notice there has been any impact – via student notification, please do recommend to the student that it would be best for them to redo any missing assessments.

Morrisby Career Adviser Information Sheet

This document outlines what a Career Adviser will see so they can identify the students who have been affected.

1. Open Morrisby Manager.
2. Select Students.
3. You will be prompted with 2 new tabs that are Auto Adjusted and Unadjustable.

4. The Auto adjusted page will show a list of students whose profile scales have been auto adjusted. This Tab will show if a student has had an interview via the green arrow.

Overview Assessment Auto Adjusted											
Key Reports Selected Actions											
Name	Last Login	Verbal 1	Verbal 2	Numerical 1	Numerical 2	Abstract 1	Abstract 2	Spatial	Mechanical	Interview	Reports
NextSteps-DET-Test	over 5 years ago	✓	✓	ⓘ	ⓘ	✓	✓	✓	✓	➡	Reports
Upgraded-Careers-One, DET-Test	1 day ago	✓	✓	✓	✓	✓	✓	✓	✓	ⓘ	Reports
Upgraded-Careers-Two, DET-Test	1 day ago	✓	✓	✓	✓	✓	✓	ⓘ	ⓘ	➡	Reports
Year-Group-Change, DET-Test 2	over 5 years ago	✓	✓	✓	✓	✓	✓	✓	✓	➡	Reports

This feature will be available to advisers from Tuesday July 16th.

Prior to this Program Coordinators will alert school contacts to the students with impacted profiles.

5. On the Unadjustable tab only affected students, whose scales cannot be auto adjusted will be displayed. These accounts will be converted to 'Optional Profile' accounts.

Staff will see a list of students, the affected assessments and whether or not the student has logged into their account and re-taken these assessments. We'll also display an estimate of how much time it should take a student to complete the affected assessments.

Morrisby Candidate View Information Sheet

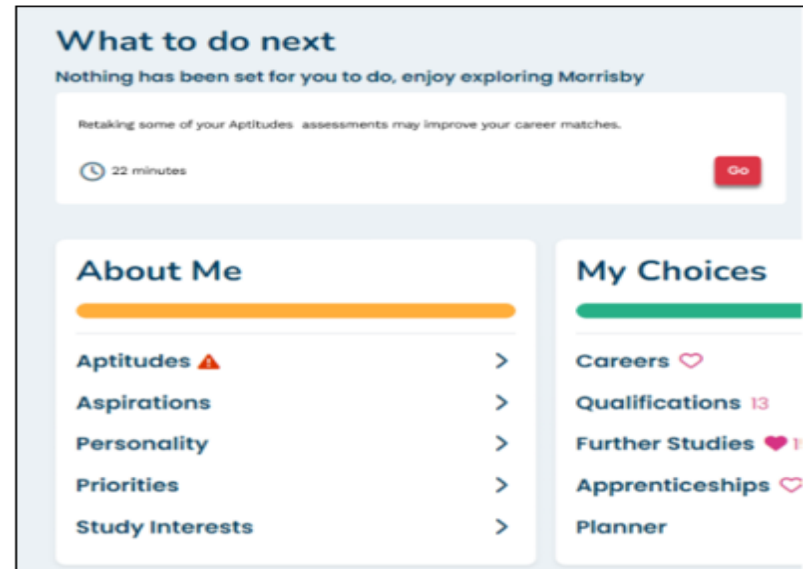

This document outlines what a Morrisby Candidate who has an affected profile will see upon logging into the Morrisby platform.

Students whose Profiles have been affected will be in one of five categories:

1. Unadjustable
2. Auto adjusted and Unverified.
3. Auto adjusted and Verified - Profile and Suggestions Aligned.
4. Auto adjusted and Verified - Profile and Suggestions Unaligned.
5. Affected assessments retaken.

For students who have yet to retake the assessments, a message will be displayed on the homepage to let the student know that retaking some assessments would be beneficial. A message will be displayed for each of the categories 1-4, including details of how long it will take to take the assessments.

Note: This feature will be available to students by Wednesday July 17th

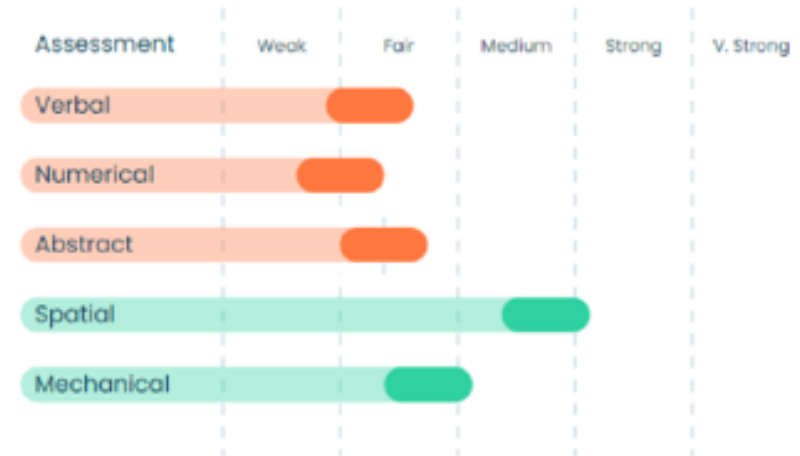

Students who choose to retake the assessments will need to complete all the affected assessments before they can return to their results.

Profiler			
Please complete the following assessments. The total time for each is shown, including instructions and practice. You will need to concentrate fully and be able to work without any interruptions.			
Name	Length	Status	
Verbal 1 Assessment	🕒 7 Minutes	✓ Complete	Finished
Verbal 2 Assessment	🕒 7 Minutes	✓ Complete	Finished
Numerical 1 Assessment	🕒 12 Minutes	✓ Complete	Finished
Numerical 2 Assessment	🕒 12 Minutes	✓ Complete	Finished
Break			
Abstract 1 Assessment	🕒 12 Minutes	✓ Complete	Finished
Abstract 2 Assessment	🕒 12 Minutes	📅 Ready	Start
Personality Type Questionnaire	🕒 About 5 Minutes	✓ Complete	Finished
Break			
Spatial Ability	🕒 12 Minutes	✓ Complete	Finished
Mechanical Ability	🕒 12 Minutes	🔥 In Queue	Not Ready

Once students have retaken the required assessments a message will be displayed on the homepage of the profile page, offering an Adviser to answer questions they might now have.

Aptitudes: Your potential and relative strengths

Now that you've retaken the assessment, please ['Contact an Adviser'](#) if you've any questions or would like some guidance.

After they've retaken the assessment(s) display a message with a link, making it easy to contact a careers adviser via email and receive careers guidance

Note: This is a draft and exact wording will be updated.

MCI and Morrisby Support

The MCI team will be busy notifying and supporting schools through this process.

To assist – we welcome back Patricia Crilly who will be in a Program Coordinator supporting role working with schools and the team to deal with questions and any rescheduling of interviews that may be needed.

Some students will have a second interview if requested if their profile has significantly changed.

Morrisby and ACCE will be available to answer student enquiries via email – via Freshdesk and school staff will have an email and hotline to call for questions and support.
