Using the Year 11 Career Education Workbook Across Contexts

The teaching and learning activities in this Year 11 Career Education Workbook are designed to be flexible and adaptable for a range of teaching contexts and audiences.

Schools may choose to use these activities to complement or enrich their existing career education or pastoral care programs, providing additional depth and engagement for students. Alternatively, individual activities can be integrated into specific subject areas to enhance teaching and learning in relevant curriculum settings.

Below is an overview of suggested ways the workbook topics may align with and support different curriculum areas in your state.
