BUILDING ABILITY BACM THROUGH CAREER MANAGEMENT

Top 5 actions for parents and carers

1. Identify your young person's skills, interests, goals and values.

2. Explore further education or training opportunities that may be relevant for your young person.

3. Encourage your young person to register with a local employment service provider and make sure this service is aware of your young person's skills, interests, goals and values along with their disability-specific requirements.

4. Identify any networks you have that may know of volunteer, job trial or paid work opportunities for your young person and let these contacts know that your young person is looking for work.

5. Identify any government incentives that your young person is eligible for that may help them gain employment.
