Regarding workplace, you like the idea of a comfortable, well-equipped building where you can meet new people frequently. You don't like the idea of being stuck away on your own in an office and nor do you want to be outside in all weathers. There are many careers with many employers which will provide this combination. You don't have much desire to find work that is largely physical, nor indeed work that is based outdoors. You probably prefer to be in a relatively comfortable environment, working alongside other people.
