

Enhanced My Career Insights – EMCI

Parent Information Flyer

What is the EMCI Program?

The Enhanced My Career Insights Program (EMCI) is a pilot program funded by the Victorian Department of Education and facilitated by the Australian Centre for Career Education (ACCE). The program connects selected Year 9 and 10 students with an EMCI Career Consultant who will offer additional supports for students to build confidence to engage with the world of careers and work. This engagement is integrated as part of the My Career Insights Program.

How does the EMCI Program work?

Over 4 or more sessions students will work with a Career Consultant to:

- Review their Morrisby profile
- Identify individual interests and career goals
- Build work readiness skills
- Assist with resume development
- Prepare for the world of work
- Participate in mock job interviews
- Update their Career Action Plan

Contact your school Career Practitioner for further details.

How does a student participate in the EMCI Program?

Your school will nominate selected students to participate in the EMCI program.

Parent/Guardian Consent

Parent/Guardian consent is required for a young person to participate. Please complete the consent form and return it to your school as soon as possible. Verbal consent can also be provided over the phone to a relevant school staff member. Once consent has been gained your school will refer students to ACCE for an individual meeting.

THE PROGRAM

STEP 1 – Your Consent

Your school might ask you for written or verbal consent

STEP 2 – EMCI Program Career Consultant Meeting

The school will arrange an individual meeting between the EMCI Career Consultant and your child. They will talk about Morrisby and provide additional support to assist with career exploration and work readiness skills

STEP 3 – Career Planning

The Career Consultant can help your child update their career action plan by discussing career goals and work-based learning activities which includes industry tasters, workplace tours, career expos, work experience opportunities, mentoring, guest speakers, workshops, facilitating mock job interview

YOUR ROLE

Follow your school's instructions to provide consent.

Look out for communication from your school about the EMCI Program and Career Consultant interview

Talk with your child about their profile, interests, strengths, goals and study options

Look out for communication from your school regarding the EMCI Program

Contact your school Career Practitioner for further details.
